## Our Motto

**“ Service Before Self ”**

The Motto is a vivid reflection of the mettle that goes into the making of an Institution or Organization. Our motto is a constant reminder that the welfare, comfort and safety of others always come prior to our own. We must clearly understand the saying of the Bible  
“ Thy need is greater than mine.”

## Chairman's Message

A new beginning is a commitment to explore new vistas of skill development, to scale greater heights, and traverse the lesser trodden path. As we embark on the new session, 2024-25, we pledge to move forward with vigour and mindfulness on our remarkable journey.

The primary role of education is to impart knowledge besides equipping the young learners to develop leadership qualities, attitudes, and life skills and to instil values and behaviors that align with those of the society. Thus holistic education is a need of the hour which we, at DPS HRIT Campus, strive to provide." Working for success will make you a master, working for satisfaction will make you a legend." Wishing you all success and a pleasant journey ahead!

**Dr. Anil Agarwal**  
MP Rajya Sabha  
Chairman, HRIT Group of Institution

### Vice - Chairman's Message

*"Education is not the mean of showing people how to get what they want. Education is an exercise by means of which enough men, it is hoped, will learn to want what is worth having."*

**RONALD REAGAN**

Education is a lifelong learning process. We at DPS HRIT CAMPUS GHAZIABAD understand this and aim to facilitate every child with avenues to develop his/her potential and make him/her well equipped to face the ever-changing global society. We are engaged in the mission to impart value-based education blended with a technology-based teaching-learning process to produce an emotionally and ethically sound generation. DPS HRIT Campus stands out from the rest, be it academics, cultural activities or sports. Over the years our school has produced a number of excellent students in academics, who in the future take the reputation of the school to new heights.

**Anjul Aggarwal**  
Vice Chairman

### Managing Director Message

*Jean Piaget has rightly said, "The principle goal of education in the schools should be creating men and women who are capable of doing new things, not simply repeating what other generations have done."*

In today's scenario, the main aim of school education is not just the delivery of didactic teaching of various curricular for preparing the students for framed examinations, but is the wholesome development of the personality and maturity of young minds that are more important. Therefore, Delhi Public School HRIT Campus believes in extending scholastic and co-scholastic support to its students with the view of personality development, intellectual growth and enhancement of their skills so that they become self dependent and responsible citizens of the global society.

**Vaishali Aggarwal**  
Managing Director

### All Things Bright and Beautiful...

The purple headed mountain  
The river running by,  
The sunset and the morning  
That brightens up the sky

The cold wind in the winter,  
The pleasant summer sun,  
The ripe fruits in the garden

He made them every one  
He gave us eyes to see them  
And lips that we might tell  
How great is God Almighty  
Who has made all things well.

### Pledge..

India is my country.  
All Indians are my brothers and sisters.  
I love my country. And I am proud of  
its rich, and varied heritage.  
I shall always strive to be worthy of it.  
I shall give respect to My parents,  
teachers and all elders  
And treat every one with courtesy.  
To my country and my people, I pledge  
my devotion. In their well-being, and  
prosperity, alone, Lies my happiness.

### God Make My Life a Little Light...

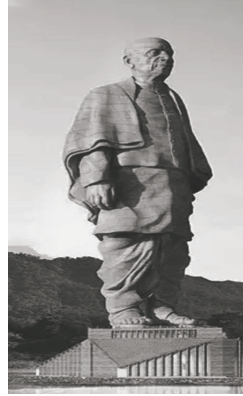

GOD make my life a little light  
Within the world to glow;  
A little flame that burneth bright  
Wherever I may go.

God make my life a little flower  
That giveth joy to all,  
Content to bloom in native bower  
Although the place be small.

God make my life a little song  
That comforteth the sad,  
That helpeth others to be strong,  
And makes the singer glad.

God make my life a little staff  
Whereon the weak may rest,  
That so what strength and health I have  
May serve my neighbours best.

## POWER TO BUILD

### Statue of Unity

*The Statue of Unity is a tribute to the Indian leader Sardar Vallabhbhai Patel, to be unveiled on 31 October 2018. This statue is a patriotic symbol of the legacy of a man who spent his life in the struggle for freedom. As a mark respect, statue is located at his birthplace in Gujarat. The statue is designed by Ram V. Sutar. The total amount for the project is US \$430 million. The statue stands 182 metres high, making it the tallest monument in the world*

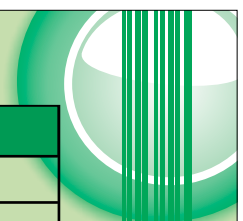

## POWER TO IMAGINE

Dr. CV RAMAN

*Inspiration can be sometimes found in apparently simple things. In his moment of heightened awakening all it took was a mercury lamp, a bottle of benzene and aspectroscope for the 40 year old Raman to change whatever the world knew about radiation.*

*In that one moment he saw what was never seen before. The Raman Effect has had a lasting impact on human progress and civilization. Not surprising at all that all inventions are Born out of those rare moments of deep insight and awakening*

## POWER TO ACHIEVE

### RAJA RAMMOHAN ROY

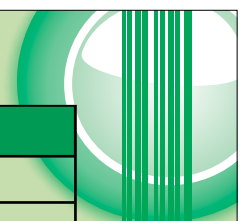

*He in that one moment of awakening walked further than what any human had done before him. He chose to raise his voice against the evil act of 'Sati' that had become a living symbol of human degradation.*

*By setting up the Brahmo Samaj, his social reform swept across the nation changing the social fabric of a dogmatic India. It was a determination of a rare and unfathomable human spirit that refused to bow to the atrocious prejudices of civil society. He awakened Indian society to the terrible evil of 'Sati' that led to its abolishment.*

## POWER TO CHANGE LORD BUDDHA

*We do not need the magic to change the world. We carry all the power we need to inside ourselves already: we have the energy bubbling inside for that one extra degree to reach boiling point. The accidental sighting of the dead body by Gautam opened up his awakening chakra to see the futility of the life and death cycle. The sheer light of his teachings and awakening spread like wildfire on planet earth transforming lives of millions. Sometimes you are the first to see that momentous transformation coming and then you seize that moment totally. And then your life changes life infinitely for all humankind.*

## POWER TO EXPLORE

Dr. KALPANA CHAWLA

*Her feat as far Indians are concerned is no less than Armstrong's walk on the moon. It was a serious moment of awakening and understanding that propelled the Haryana girl into highest stratosphere of space. These are moment that define human civilization, and there are some gifted humans who carry the torch forward believing in them. Beliving that the unthinkable can be thought and carried out as a personal mission. And then even the sky refuses to be the limit.*

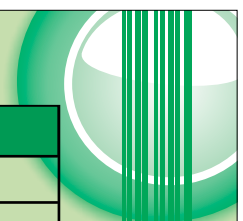

## POWER TO DEMONSTRATE

### MIHIR SEN

*History has demonstrated that the most notable winners usually encountered heartbreaking obstacles before that moment of awakening in which they visualize their victory right till the victory stand. Mihir Sen was determined to do what no Asian had attempted before: swim the English Channel. Which he did and then went on to create five more world records as he swam the seven seas against great odds. At the heightened state of consciousness and awakening, You gain access to limitless possibilities. You become empowered to change the game.*

## POWER TO INSPIRE SWAMI VIVEKANANDA JI

*In Chicago by addressing the world as 'brother and sister' he paved the way for a unique spiritual brotherhood around the world, catapulting the universal message of Hinduism to the status of global anthem for spiritual awakening and universal peace. A powerful light that sparkles our minds even today, as we begin to understand his deep insights and understanding of all religions and their true essence.*

## POWER TO EMPOWER

*God has bestowed upon us the power to empower ourselves. Begin to develop the power to create the life you want. And you shall have your moment of awakening. It is within all of us. Waiting to be awakened. And even if we awaken 1% of the latent power within us, we would leave behind a better world for our children.*
